20 NEW SECTION. **Section 1. State appropriation to improve access to healthy school meals --**
21 **appropriation -- competitive application.** (1) There is an appropriation of \$250,000 to improve Montana student
22 access to healthy school meals during the period from July 1, 2007, to June 30, 2009. The appropriation is made
23 to the superintendent of public instruction to make grants to school districts that have been found eligible through
